THE SHORT GUIDE TO ACCESSIBLE MUSIC EDUCATION

THE ONLY GUIDE TO ACCESSIBLE MUSIC EDUCATION IN THE UK

Compiled by Emma Lines (Drake Music Scotland) & Jonathan Westrup (Drake Music) with the support of the Music Education Council ASN/SEND Working Group
The Short Guide to Accessible Music Education (UK)

What is ‘The Short Guide to Accessible Music Education’?

One of the comments we regularly hear in the course of our work is “Wouldn’t it be great if there was a single website/ resource dedicated to music education and children and young people with Additional Support Needs?”

In the first instance, you can contact your local music service or music education hub to find out what accessible opportunities are available in your area.

In addition to this, we believe it is useful (and somewhat overdue!) to spotlight specific information, resources and opportunities ‘all under one roof’ – for disabled musicians, their parents and carers, music teachers and beyond. It’s worth noting that many of the items listed in this guide will have strong links to individual music services and music education hubs.

So, this is one attempt to meet this need – imperfect, certainly, but hopefully a good start, which can be expanded upon by you. We clearly have gaps – please get in touch!

We haven’t attempted to provide a comprehensive list or database, nor do we offer qualitative opinions because the scale of such an enterprise is beyond our present resources.

What we can hopefully provide is a snap shot of what is currently out there, with scope for you to investigate further at your leisure.

Finally, the focus of this guide is limited to music education, which means we haven’t included links to Music Therapy. We recognise the fantastic work delivered by Music Therapists across the UK and further information can be found via individual music services/ hubs or the British Association for Music Therapy (BAMT) or Nordoff Robbins/ Nordoff Robbins Scotland.

Acronym alert!

We’ve tried to avoid using a lot of tricky acronyms in this guide. The most common one you’ll see is ‘ASN/ SEN/D’ which stands for ‘Additional Support Needs/ Special Educational Needs and/or Disabled’. Both terms are used widely across the UK and for the purposes of this guide are treated as interchangeable.
1. Music organisations and music charities

UK wide

- **The Amber Trust** Amber’s vision is to give blind or partially-sighted children the best possible chance to fulfil their musical aspirations.

- **Association of British Orchestras** The ABO champions its member orchestras’ and opera companies’ education and community work, highlighting the work through publications, briefings, and conferences. *NB:* Many orchestras work with special schools. Although we have highlighted some individual orchestras, there isn’t space to include them all – see the [ABO’s directory](#) for further information.

- **Jessie’s Fund** Helps children with serious illness, complex needs, and communication difficulties through the therapeutic use of music.

- **The Music Education Council (MEC)** Acts as a medium for bringing together in a working relationship those organisations and institutions in the United Kingdom involved in music education and music education training, thereby creating a common meeting ground and opportunities for the exchange of information and the promotion of joint or connected activities.
